FOR IMMEDIATE RELEASE

BNSF RAILWAY CHAIRMAN, PRESIDENT AND CHIEF EXECUTIVE OFFICER MATTHEW ROSE TO RECEIVE “RAILROAD INNOVATOR” AWARD AT RAILTRENDS CONFERENCE SEPT. 28 IN NEW YORK

June 25, 2010 – Milwaukee – Matthew Rose, chairman, president and chief executive officer of BNSF Railway, has been named the winner of *Progressive Railroading* magazine’s “Railroad Innovator Award.” The award, which recognizes outstanding achievement in the rail industry, will be presented to Rose at the magazine’s RailTrends event in New York City on Sept. 28, 2010.

“We are honored to be able to honor Mr. Rose with *Progressive Railroading*’s Railroad Innovator Award. Mr. Rose has been a respected, effective rail advocate for the past 12 years,” said *Progressive Railroading* publisher Steve Bolte.

Matt Rose has helped bring customer focus to the railway, while fostering a cooperative, even collegial, culture at BNSF. He’s met the challenges of capacity and growth head on, while able to look ahead without taking his eye off the near-term ball ... and made BNSF that much more attractive as an investment.

Meanwhile, Rose continues to bring his brand of big-picture thinking to the table in other capacities — from his work with the National Surface Transportation Policy and Revenue Commission to the OneRail Coalition to his willingness to share his thoughts on legislative and regulatory matters.

About RailTrends

RailTrends is brought to the market by *Progressive Railroading* magazine and independent transportation analyst and consultant Anthony Hatch. RailTrends provides industry executives a comprehensive overview of the railroad industry as well as detailed, critical insight on leasing and finance from industry experts, analysts and investors. The event will be held at the Affinia Manhattan in New York City, September 28-29, 2010. For more information, visit www.railtrends.com.

About *Progressive Railroading* and Trade Press Media Group

Trade Press Media Group is a national business-to-business media leader that serves the rail industry with *Progressive Railroading* magazine, ProgressiveRailroading.com and the RailTrends Conference. In print, *Progressive Railroading* is read by 25,000 subscribers. Online, the Web site is visited by more than 18,000 professionals every month. Collectively, we provide vital, timely information to international rail and transit decision makers from a cross section of disciplines including railroads, rail transit systems, private car lines, car and locomotive builders, repair shops and shippers.
